## Troop GA-2016

### Parent Involvement

**EACH PARENT** should fill out this form and return it to one of the leaders at this meeting

Welcome to the AHG/TL USA Troop GA-2016 family! As we have explained in our meeting and with you, AHG, TLUSA and Troop GA-2016 are organizations that are strong on family involvement so this means parents as well as youth participate in our activities. We have a great family here that is willing to help according to their abilities and means. We invite you to add your abilities, talents and interests so that the best possible program, adventures and leadership can be provided for your sons as well as all our other youth in the Troop.

Our Troop is very active in many activities both here at the meetings as well as in outdoor activities, adventure trips, hikes, camping, etc. Although your help may be limited and part-time in nature, it is important to remember that ALL help is useful! Won't you please lend your support to help make this a great adventure for your boys?

Please answer this survey and let us know where your talents can best be put to use and where you would like to be of assistance.
